The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].</i></p> <p>Steps for Implementation [24 CFR 903.2(c)(1)]</p>

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.
PHA Policy
The PHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.
PHA Policy
The PHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low income family (30% of median income).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:

- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.
PHA Policy
For developments outside the EIR, the PHA will take advantage of all allowable strategies in order to comply with the deconcentration requirements.

B.2 New Activities.

(a) Does the PHA intend to undertake any new activities related to the following in the PHA's current Fiscal Year?

Y N

Hope VI or Choice Neighborhoods.

Mixed Finance Modernization or Development.

Demolition and/or Disposition.

Conversion of Public Housing to Tenant Based Assistance.

Conversion of Public Housing to Project-Based Rental Assistance or Project-Based Vouchers under RAD.

Project Based Vouchers.

If using Project-Based Vouchers (PBVs), provide the projected number of project-based units and general locations, and describe how project basing would be consistent with the PHA Plan.

1. Convert the Marvinne recreation building to 12 units utilizing the 12 available Faircloth units. The completed units will remain public housing units and added to our PH portfolio. At such time that the applicable HUD RAD regulations are released we may convert them to Section 8 units.
2. Renovate units in our Pembroke development as described in the 2021-25 Five Year Plan.
3. Partner with the City of Bethlehem to apply for a Choice Neighborhoods Planning Grant.

B.3 Progress Report.

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan.

Goal One: Incorporate bar coding for inventory at our warehouse.

BHA is currently operating utilizing the Tenmast system. In the near future the system will switch over to MRI which is a web-based application. Launch date is anticipated Quarter 1 of 2024.

Goal Two: Collaborate with local agencies when advantageous to provide affordable housing services to our residents. Promote links to community services through BHA Community Centers and our FSS program, and at other sites to meet the changing needs of BHA residents, focusing on programs and services that enrich residents' lives, promote independence, increase community involvement and support successful tenancies in public housing.

New Rule Action Plan was approved by HUD on September 26, 2022. Currently working on scheduling meetings, which will meet two times per year. Continue to work on adding partner agencies to the Program Coordination Committee (PCC), in which twenty-two more agencies have been added to the Program Coordination Committee. BHA has been meeting with Mayor Reynolds regarding ways to develop new affordable housing units in the City of Bethlehem.

Goal Three: Continue to translate all key documents as they are created.

Primarily using Verbatim for translations, certain staff member can translate if capable. Continuing to translate all key documents as they are created.

Goal Four: Continue to enforce the No Smoking Policy in BHA units and monitor designated smoking areas on BHA properties.

No smoking policy continues to be re-enforced.

Goal Five: Continue discussions to expand the Authority's BHA-TV notification program to the family developments.

BHA TV is available in the Pembroke, Marvine, Pfeifle and Fairmount developments. We are still working with the cable company that provides cable service to Lynfield and Parkridge to get BHA TV in those developments.

Goal Six: Continue renovating public housing properties and making capital improvements which promote fire and life safety as well as preserve the asset. Maintain high quality and timely design, bidding and construction, conserving energy and water and protecting the environment to the greatest extent feasible. Continue to actively involve residents, staff and the community in planning capital improvements. Promptly close out Capital Fund Recovery Grants. Apply for additional grants that may become available.

The last 2 phases of the Lynfield renovations should be completed in early 2023. The parking lot addition at Litzenger was completed in September 2022 and roofing replacement at Fairmount was completed in October 2022. Upcoming projects include starting renovations in the Pembroke development, HVAC replacements at Bodder and Bartholomew Houses, roofing replacement at Pembroke and the construction of 12 apartments at the former Marvine recreation building. We continue to provide required documents for Capital Fund grants as they become available and close out grants once funds are fully expended. Comments received from the annual public meeting are incorporated into capital planning.

Goal Seven: Continue to maintain safety and security at all BHA housing and work sites for residents, staff, and the public. Promote non-violence in all aspects of BHA's work. Continue to enhance safety and security efforts through community policing and physical improvements to properties.

Working on installing cameras in all High Rise parking lots for security surveillance. These cameras are looking to be installed on the exterior of the High Rises. Planning on replacing/upgrading older camera systems throughout our developments.

Goal Eight: Maintain high utilization of vouchers and budget without exceeding authorized limits. Continue to advocate for full voucher funding and program reform, while preparing contingency plans for possible radical cuts in federal funding. Continue to accept the HUD-Veterans Affairs Supportive Housing Program (VASH) vouchers from other Housing Authorities and work with partner agencies to receive referrals.

HUD gave another waiver to raise the Payment Standards to 120% effective 1/1/2023 and are as followed: One bedroom apartments will be raised to \$1,102 from \$939 and \$1,396 from \$1,196 for a two bedroom apartment. BHA owned, Marvine Recreation building will be converted to 12 HCV 1 bedroom units (9 units on the 1st floor and 3 on the 2nd floor), ADA accessible units will also be available.

Goal Nine: Update Admissions and Continued Occupancy (ACOP), Administration policy manual and BHA lease. Establish and maintain regular meetings with community partners in an effort to keep lines of communication open. Minimize confusion and misunderstanding while addressing changing policies that affect all.

ACOP continues to be updated as needed. Anticipates reviewing ACOP with other heads of management and administration in order to update it were necessary. Monthly meetings will be held with the staff to discuss any updates that may arise.

Goal Ten: Convert physical tenant files into a digital format using computer software to prevent destruction of physical files, free up space in BHA buildings, and efficiently find requested documents in files.

CHOO is 100% converted to digital; FDO continues to scan physical files to become 100% digital.
